Section 3: Nature of Complaint:

The staff of Danville Area Humane Society, Inc. (DAHS) while operating as Danville Animal Control and Public Animal Shelter, have purposefully forged public documents with the intent to deceive the Virginia Department of Agriculture and Consumer Services (VDACS), The Virginia State Veterinarian, the City of Danville and the Commonwealth of Virginia. DAHS staff have routinely stated on public custody records for numerous animals in their care that said animals were “adopted” when in fact, they were euthanized.

Virginia law § 18.2-168. Forging public records, etc. If any person forge a public record, or certificate, return, or attestation, of any public officer or public employee, in relation to any matter wherein such certificate, return, or attestation may be received as legal proof, or utter, or attempt to employ as true, such forged record, certificate, return, or attestation, knowing the same to be forged, he shall be guilty of a Class 4 felony.

In 2023, DAHS reported to VDACS that a total number of 275 animals were adopted (see Figure 1 below) yet their custody records, obtained via FOIA, only show 204 animals being adopted in 2023.

Of the 209 animals reported as “adopted” on the custody records by DAHS, 7 of those animals were adopted in 2024 (highlighted in blue in the chart above), bringing the total number of animals adopted to 202 in 2023. **Danville Area Humane Society staff purposefully submitted their required annual report to the Virginia Department of Agriculture and Consumer Services (VDACS) on 2/15/2024 stating that in 2023, 275 animals were adopted from the public shelter they manage, which is 73 animals more than what is found in their custody records. Again, only 202 custody records with**

a final disposition of “adopted” were found in the 2023 custody records provided in response to multiple FOIA requests.

Of the 202 animals with dispositions of **“adopted”** on DAHS custody records, 9 of those animals (highlighted in pink above and listed separately in the chart below) were **euthanized** according to evidence present in other public FOIA documents and records in 2023.

Custody Record Number	Intake Date	Euthanasia Date
32424	2/8/2023	2/14/2023
32494	2/21/2023	2/22/2023
32988	4/26/2023	5/3/2023
33300	5/20/2023	11/27/2023
33498	6/3/2023	8/4/2023
33607	6/11/2023	6/21/2023
33654	6/12/2023	6/20/2023
34077	7/21/2023	8/4/2023
34461	8/22/2023	8/29/2023

These 9 animals bring the already enormous deficit of 73 animals between the number of animals reported to VDACS as adopted in 2023 (i.e. 275) and the custody records given to us that indicate a disposition of “adopted” (i.e. 202) up to 82. Considering that 9 of these records were forged by DAHS staff to indicate a disposition of “adopted” when there is contradictory evidence proving those animals were in fact euthanized, it is reasonable to ascertain that these 9 records and the missing 73 records were intentionally among the 275 reported to VDACS as “adopted” in 2023. **Therefore, it is our assertion that the staff of Danville Area Humane Society, while operating as Danville Animal Control and Public Shelter, misrepresented the number of animals adopted from the public animal shelter they manage by more than 29% through the use of forgery and with the intention of deceiving VDACS, the Office of the State Veterinarian, the Danville community, Danville City Council and the Commonwealth of Virginia. We believe this forgery was committed intentionally to allow the staff of the city contractor, Danville Area Humane Society, Inc., to maintain their positions as managers of the City of Danville public animal shelter for which they receive approximately \$250,000 in public funds annually.**

Evidence

The following pages are the copies of custody records, cage cards and euthanasia logs given to us by Danville Area Humane Society in response to numerous FOIA requests. Each piece of evidence has a cover page with the affected animal’s custody record number, and the explanation of how the associated evidence proves that the animal’s disposition was intentionally forged in writing on the public documents known as custody records, to indicate an erroneous final disposition outcome of adopted when it was obvious in their own subsequent records that the final disposition of said animals was euthanized.

Section 4: Resolution Attempted by Complainant

We have been contacting individuals associated with Danville Area Humane Society via social media for the last year and a half. We have also appeared before Danville City Council on separate occasions to speak about these issues and request their assistance.

Most importantly, however, on October 14, 2024, we submitted a lengthy complaint with each potential violation cataloged in an excel spreadsheet and accompanied by over 2,600 pages of evidence to VDACS, the Office of the State Veterinarian (Dr. Bissett), and the Virginia Board of Pharmacy regarding Danville Area Humane Society, Inc. (DAHS) and alleging they committed the following violations of the Code of Virginia in 2023:

- 423 separate instances of animals listed on custody records as stray, animals listed as stray with notes showing evidence of identification, and animals listed as being subject to a bite quarantine of 10 days, being euthanized prior to the hold period provided by § 3.2-6546 C. **[Found and resulted in a critical violation in VDACS inspection on 12/10/2024]**
- 2,200 custody records, representing 3,575 custody record numbers, with approximately 160 records missing and 754 records containing multiple animals in violation of § 3.2-6557 B.
- 217 custody records with errors involving intake dates, species descriptions, custody reasons, identification notes, and disposition dates in violation of § 3.2-6557 B.
- 24 records that had dispositions recorded on custody records as adopted, transferred or returned to owner appear in the euthanasia logs as having been euthanized, in violation of § 3.2-6557 B.
- 48 separate instances where it was noted that animals were sick, unweaned, and/or injured, yet were not euthanized for some period of time, indicating possible cruelty in violation of § 3.2-6566.

As noted above, a routine inspection of Danville Area Humane Society by VDACS on December 10, 2024, **almost 2 months after** our complaint of the numerous and egregious potential violations with over 2,400 pages of evidence was received by this agency, found several of these violations to be valid while only looking at one week of documentation. Danville Area Humane Society was found guilty of several violations, including a critical violation that resulted in the deaths of four puppies prior to their hold period being met. Despite the numerous violations found in just a week's worth of DAHS paperwork and documentation, VDACS did nothing other than to write a report citing the violations and allow DAHS to lie their way out of the penalty. The following is an excerpt from the letter sent by H. Lane Songer, DVM, in response to his revocation of the fine associated with the critical violation:

"Although the penalty has been rescinded, Danville Area Humane Society Public Animal Shelter's violation of § 3.2-6546, subsection C will remain on file. The Office of Veterinary Services Civil Penalty Matrix (Enclosure 3) provides for an escalating penalty assessment based on the number of repeat violations for the same factual basis within the preceding five calendar years. If your corrective action plan is not implemented and the same violation is cited in future inspections, the assessed civil penalty may be up to \$1,000.00 per day starting the date of your last inspection, December 10, 2024, and continuing until the date of your next inspection".

As Dr. Songer stated in his letter rescinding the fine imposed on DAHS for violating the animal care laws of Virginia, the Office of Veterinary Services Civil Penalty Matrix *"provides for an escalating penalty assessment based on the number of repeat violations for the same factual basis within the preceding five calendar years"* yet none of the evidence and proof of numerous violations we submitted to VDACS, the State Veterinarian or the Virginia Board of Pharmacy was acted upon. What is the purpose of a complaint process if the agencies with the power to inspect and act on public animal shelters that are violating state law do not do so; or more aptly pick and choose who they will use their law-given power on? Our previous complaint which contained the exact proof of nearly every violation Danville Area Humane Society has committed against the animals in their care and nearly all of which were found in ONE DAY of inspection by this agency.

Why is VDACS, the Office of Veterinary Services and the Virginia Department of Pharmacy letting Danville Area Humane Society off the hook, when every other shelter in Virginia must adhere to the animal care laws or face strict penalties and/or fines? For example:

Brunswick County Animal Shelter, January 2023

The State Office of Veterinary Services found multiple violations at the Lawrenceville shelter. Those violations included; animals not appropriately fed, the facility not kept clean, dry, and sanitary, adequate care not provided for seven dogs confined in the facility at the time of the inspection, animals euthanized in a manner that does not comply with methods established by the state veterinarian. "They did a very thorough, detailed inspection and found numerous, numerous deficiencies," according to Brunswick County Supervisor John Zubrod.

Charlottesville-Albemarle County SPCA, February 2023

A Virginia Department of Agriculture inspection found repeated violations of state law at Charlottesville-Albemarle SPCA, including several documents at the shelter that were missing information required by state law. According to a February 15, 2023 article entitled “Who keeps watch over Virginia’s animal shelters?” on WVTF.org, the Department of Agriculture and Consumer Services employs two inspectors who spend a few hours, even a day reviewing shelter operations. They report to veterinarian Carolynn Bissett. “If we see violations then we’re going to inspect more frequently, but on average it’s about every 12-18 months.” In 2019 an inspector said CASPCA had no critical violations but did not have adequate procedures for deciding if dogs or cats needed veterinary treatment, for controlling contagious and infectious diseases and for managing sick animals. In 2021 the inspector accused CASPCA of poor record-keeping, but Bissett said violations of this kind usually result in a warning or small fine. “Fifty to \$100. They can go up to even \$1,000 per violation, but that can be per day, so if we have a really serious situation which we haven’t gotten into in my tenure here, those certainly could mount up.”

What constitutes a “really serious situation” in Dr. Bissett’s opinion? Thousands of violations in a year that were discovered by regular citizens and submitted to VDACS and all other agencies in a spreadsheet with over 2,400 pages of evidence to prove them and perpetrated by the highest kill shelter in the state of Virginia and the United States for animal shelters that take in more than 2,000 animals a year...would that be considered a “really serious situation”?

As constituents of the Commonwealth of Virginia, we expect the evidence contained in this complaint and any subsequent complaints brought to the attention of your agency and all others tasked with “inspecting public animal shelters for the purposes of determining if a violation of any state law governing the care, control or protection of animals” to be treated as such. We expect swift and immediate action concerning the unlawful acts being committed by our city’s public animal shelter, Danville Area Humane Society, which we have once again brought to your attention, and we do so on behalf of the companion animals that have suffered and died at the hands of the animal shelter that *by statute* must protect them. Any action less than the most severe afforded to an agency tasked with upholding the animal care laws of the Commonwealth is evidence of corruption, incompetence, and engagement of collusion by VDACS and the Office of the State Veterinarian. There is no other logical reason why your agencies would permit these atrocities to continue. Your jobs are to protect the companion animals of the Commonwealth of Virginia and we expect you to do your jobs on each and every complaint you are about to receive, lest you relinquish your positions and allow unbiased and impartial persons of caliber to investigate our complaints.
